BIOCHEMCON2010

On December 22nd 2010, two day Conference "BIOCHEMCON-2010" on various emerging trends in technological advancement in Biotechnology and chemical Engineering was organized by Biotechnology Department in collaboration with Chemical Engineering department. The conference was inaugurated by Dr. B. D. Kulkarni, distinguished scientist NCL Pune. The Guest of honor was Dr. R. B. Mankar Sir, Vice Chancellor of Babasaheb Ambedkar Technological University, Lonere. Conference got the blessing of Mr. Satish Chaturvedi chairman of LTJSS group.

The conference brought together over 193 professionals from all over country from North to South, to share their experiences, to learn from one another and to debate the future development of intergenerational work. The conference was structured around six topical sessions over two days, each session dedicated to students and faculties separately. These sessions began with Expert talk by various eminent personalities from academia as well as from industry followed by presentations to allow all participants to enter into practical discussion.
